

About Natalie Reid

Natalie Reid is the author of *5 Steps to a Quantum Life: How to Use the Astounding Secrets of Quantum Physics to Create the Life You Want*. Her book has received critical acclaim and, according to Midwest Book Review, is “a seminal study and guide that can be readily accessed by any general reader.” Natalie, who holds a Ph.D. in psychology, studied quantum physics for her doctoral program. She has a private practice where she incorporates 30 years’ experience in psychology, coaching, meditation, and the mind-body connection. She has served on several corporate management teams including Bank of America, Progressive Corp., Charles Schwab and Fair, Isaac. Natalie has talked about her work on TV, radio and in print. She spends time in the San Francisco Bay Area and in New England.
